IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be followed. Read all instructions before using this massage chair.

1. Always unplug this massage chair from the electrical outlet immediately after using and before cleaning.
2. If liquid is accidentally spilled onto the chair, remove the power plug from the electrical outlet immediately. Do not use wet hands to connect or disconnect the power plug from the electrical outlet.
3. Do not operate during a lightning storm.
4. Although operation will be stopped automatically by the Auto-Timer function, always remember to turn off the main power switch after use.
5. Do not place the power cord under the chair or under any other heavy objects.
6. Do not wind the power cord around the chair as this may damage the cord and result in a fire or electric shock.
7. Do not operate the chair with a damaged cord or with an extension cord.
8. Do not use the chair if the electrical outlet is loose.
9. Check that the Alternating Current (AC) voltage corresponds with the specification indicated for the chair.

WARNING – To reduce the risk of burns, fire, electric shock or injury to persons:

1. This massage chair should never be left unattended when plugged in. Unplug from outlet when not in using, and before putting on or taking off parts.
2. Do not operate under blanket or pillow. Excessive heating can occur and cause fire, electric shock or injury to persons.
3. Close supervision is necessary when this chair is used by, on or near children, invalids or disabled persons. Keep children away from extended foot support.
4. Use this massage chair only for its intended use as described in this manual.
5. Never operate this massage chair if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
6. Do not move or carry this massage chair by the power cord or controller, or use the cord as a handle.
7. Keep the cord away from heated surfaces.
8. Never operate the massage chair with the air openings blocked. Keep the air openings free of lint, hair and the like.
9. Never drop or insert any object into any opening.
10. Do not use outdoors.
11. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
12. To disconnect, turn all controls to the OFF position, then remove the plug from the outlet.
13. Use heated surfaces carefully. May cause serious burns. Do not use over insensitive skin areas or in the presence of poor circulation. The unattended use of heat by children or disabled persons may be dangerous.
14. Never remove the cover from this chair. Do not use the chair when the upholstery is ripped, torn, or removed. This may cause injury or malfunction. Carefully examine the covering before each use. Call for service if the covering shows any sign of deterioration, such as blistering, peeling, cracking, or ripping.

After Use

1. After the massage finished, press the power button of remote control, then it will adjust the backrest and footrest to the original position.

*Please check if there is any article around the backrest and footrest

2. Please put the remote control into the Hand Controller Slot after finished using

3. Please switch the power button to "OFF" if it is not used.

4. Please unplug the power cord

*Please do not twist and pull the power cord, in case it fractures

5. If it won't be used in a long time, please cover it with a cloth, in case the dust will influence the use or cause malfunction

Product Care and Storage

To clean the massage chair:

- Remove the main plug from the electrical socket.
 - Clean the controller and cords with a dry cloth.
- Do not use a moist cloth or a cleaning agent on the controller or cords. You may clean the chair with a cloth dampened with water, but do not use any solvents or abrasive cleaning agents.

- If a damp cloth is used, allow the chair to air dry.

Do not use an electrical dryer.
Be sure that the chair is completely dry before plugging the power back into the electrical outlet.

Caution

Do not use abrasive cleaning agents like benzene, alcohol, or thinner to clean the massage chair.

Caution

- Do not pour any liquids directly onto the chair.
- Any additional servicing should be performed by an authorized service representative. This chair has no user serviceable parts inside.

- Disconnect the massage chair from the power source after use.
- Keep the massage chair away from direct sunlight, high temperature or high humidity.
- Do not put heavy objects on the massage chair.
- Do not store the massage chair under direct sunlight or in places of high temperature. This may cause the upholstery to fade.

Cleaning the Massage Chair

Never use scouring pads, abrasive cleaning agents or aggressive liquids such as petroleum or acetone to clean the chair.
Do not immerse the chair in water.
