

# Limited Warranty

## ILIFT MASSAGE LOUNGER

### Consumer Limited Warranty: ONE-YEAR WARRANTY

This warranty guarantees that the product purchased is to be free from defects in material and workmanship under normal usage and local voltage for a period of one year. This warranty expires in TWO (2) years on parts, and ONE (1) year on labor after the date of purchase.

U.S. Jaclean, Inc. (referred to as "the Warrantor") will repair this product with new or rebuilt parts in case of defects in material or workmanship, free of charge, in the USA provided that:

- 1) The product is operated in accordance with the printed instructions supplied.
- 2) The product is used under normal conditions for which designed.
- 3) The product is not subjected to misuse, negligence, or accident.
- 4) The product receives proper care, protection, and maintenance.

This warranty is extended to the original end-user when purchased from an authorized U.S. Jaclean, Inc. distributor. A purchase receipt or other proof of date of the original purchase is required for service and parts replacement under this warranty. This warranty does not cover shipping charges for defective items if a claim is made more than 30 days after the date of purchase.

This warranty only covers failures due to defects in materials and workmanship, and does not cover normal wear or cosmetic damages. This warranty does not cover damages which occur in shipment, or failures which result from: accident, misuse (including, without limitation, failure to comply with instructions and use limitations contained in the Operating Instructions), abuse, neglect, mishandling, faulty installation, set-up adjustments, improper operation or maintenance, alteration, modification, power line surge, lightening, improper line voltage, commercial use such as hotel, office, restaurant, or other business or rental use of product, service by anyone other than from U.S. Jaclean, Inc., or damage that is attributable to "acts of God." Continued use of this product after discovering a defect voids this warranty. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.

**IMPORTANT: DO NOT** return defective product to the store.  
Contact U.S. Jaclean, Inc. for repair services.

Please retain this Warranty Certificate, together with the original purchase receipt, and present it to our technician for inspection during service.  
For assistance and more information, please contact U.S. Jaclean, Inc.

## ▶ IMPORTANT SAFETY PRECAUTIONS

### ⚠ WARNING

⊘	Do not use a power supply outside the rated voltage to avoid electric shock or malfunction.
	If the power cord and plug are damaged or the power socket is loose, it should be stopped immediately to avoid electric shock or short circuit.
	In order to avoid accidents, machine should not be used by anyone who can not express themselves or independently operate the machine.
	Do not allow children below 14 years old to use or play on it, and do not sit or stand on the backrest, armrest, or legrest.
	The power cord must remain intact and should not be damaged, modified, twisted, stretched, knotted, or subjected to excessive pressure—especially under the machine—as this could lead to short circuits or electric shock.
⚡	Do not place in damp places such as bathrooms to avoid electric shock, malfunctions, and rust.

### ⚠ ATTENTION

!	Each program has a default usage time of 15 minutes. If you need to adjust the duration, you can do so using the timer settings. It is recommended not to massage the same area for more than 5 minutes to avoid muscle soreness. Additionally, total daily usage should be limited to 30 minutes.
	If there are any bodily abnormalities or sensations during use, please stop using immediately.
	Confirm whether the operation switch and reset function are working properly to avoid accidents or injuries.
⚡	After extended use, ensure the massage chair is functioning properly before using it again.
	When there is a power outage, the power should be immediately cut off and the power plug should be unplugged from the power socket to avoid accidents.
⊘	When not in use, unplug the power plug from the power socket and place the plug at least 12 inches above the ground to avoid dust and moisture.
	When massaging the arms, hard objects such as watches and jewelry should be removed to avoid accidents or injuries.
	Do not fall asleep during use. Using it unconsciously may cause discomfort or injury to the body.
	Do not use near open flames such as stoves, do not smoke while using, and do not use with heating appliances such as electric blankets to avoid causing a fire.
	Do not use immediately after meals to avoid discomfort.
	Do not use after drinking alcohol as it may lead to accidents or injuries.
	Machine is not to be used by more than one person at a time to avoid failure or injury.
	Do not use on bare skin, direct massage of the skin may cause soreness due to the intensity.
	Do not sit down or get up forcibly in the state of legrest up. Do not step on the legrest while in massage mode to avoid accidents or injuries.

## ▶ IMPORTANT SAFETY PRECAUTIONS

- Before use, please carefully read this "Safety Precautions" for correct use.
- The precautions shown here aim to safely and correctly use the product and prevent harm or damage to others.

Please use the accessories in the package.

Installation steps before the use of the chair

1. Lower the legrest.

2. Lower the legrest and stick the velcro in place.  
(Lift the legrest to see)

Hand Controller Installation Method

Anti-loosening Plastic Screw Cap  
\* After the hand control docking is completed then screw on the anti-loosening plastic screw cap (clockwise tightening, counterclockwise for loosening).

## ► SETUP

### BEFORE USING THE CHAIR FOR THE FIRST TIME

Turn on the power

1. Before use, confirm whether the voltage marked on the power cord meets the local conditions of use, and the power socket end needs to have a grounding wire.

2. Turn on the power switch

The power switch is located at the bottom of the back.

After the power is turned on, the switch indicator lights up.

#### TIPS

If you are using the massage chair in a cold space, please do not suddenly increase the room temperature, we recommend that you gradually increase the temperature to normal levels. If the massage chair is placed in a cold place and moved to a warm place, we recommend that you use it only after an hour of movement, if used directly, this will cause the massage chair to malfunction.

### BEFORE POWERING ON THE CHAIR

1. Confirm the surrounding area

Confirm that there is no one, no pets, no objects around the back of the massage chair and the front and bottom of the legs, etc. (standby position).

2. Confirm the massage chair status

Before use, please lift the back cushion to confirm whether the backrest parts and other parts of the fabric is broken, such as broken (no matter how small the damage) please stop using in time, unplug the power supply, commissioned repair.

Check whether the power cord, hand controller cord or items are caught in the massage chair.

Make sure to insert the power plug completely into the power outlet, and do not allow metal or dust to be adsorbed on the power plug, so as not to cause electric shock or short circuit.

## ▶ PRODUCT STORAGE AND MAINTENANCE

### CLEANING

- ▶ Before cleaning, switch OFF power and remove the power plug from the wall outlet.
- ▶ Dip a soft, cotton cloth in neutral detergent and wring dry. Use it to wipe the pillow cushion, back cushion, armrests, legrests, and any plastic parts of the chair.
- ▶ Use a piece of wet cloth (without detergent) to re-wipe the pillow cushion and back cushion.
- ▶ Use a soft, dry cloth to re-wipe the armrests, legrests, and any plastic parts of the chair.
- ▶ Use a soft, dry cloth to wipe the controller, and the power supply box.
- ▶ To clean the foot/calf unit covers, remove them from the chair, hand wash with mild detergent and hang dry.

#### CAUTION

- ▶ Before any maintenance, always disconnect the power plug from the wall outlet.
- ▶ To avoid electric shock, never touch the power plug with wet hands.
- ▶ When cleaning the back cover of the massage chair, do not allow any detergent to seep into the power supply box.
- ▶ Do not use abrasive chemicals, such as benzene or alcohol, to clean this chair. Damage to the chair may result.
- ▶ Do not apply an iron or any other heated device to the chair.

### STORAGE

When not in use, be sure to switch off power and detach the power plug from the wall outlet. Before putting into storage, wipe off all accumulated dirt and dust from the surface of the chair. Cover the entire surface of the chair with a dust cover (not included).

#### CAUTION

- ▶ Do not store the product under direct sunlight, nor in a location with high temperatures. Doing so may cause the upholstery to fade.
- ▶ Do not allow massage chair to remain in contact with vinyl or wallpaper for extended periods of time as this could lead to discoloration.

### MAINTENANCE

Upon detecting any of the following conditions during daily use, immediately turn off power, disconnect the power plug from the wall outlet, and contact an authorized repairman:

- ▶ A burning smell
- ▶ The power cord feels hot
- ▶ Any other abnormal functioning
- ▶ The cord is plugged in and the power switch flipped on, but no functions operate

## ▶ TROUBLESHOOTING & PRODUCT SPECIFICATIONS

### TROUBLESHOOTING

Problem	Solution
Sound Made During Operation.	The sound emitted by the design of the structure has no effect on the function.
Plugged into the power supply, but the massage chair can not operate.	1. Check whether the power plug is plugged in or whether the power is on. 2. Check whether the power switch button on the massage chair in the "I" position. 3. When in the "I" position, the switch light will turn red, if not lit, please unplug the power cord, check the fuse holder, fuse tube is intact.
During use, the controller can be operated, but the massage chair cannot be operated.	After a long period of operation, massage chair machine temperature is too high, massage chair will automatically be in a temperature protection state, please turn off the power and temporary use of 30 to 50 minutes to allow the internal heat dissipation of the machine.
During use, the controller can be operated and the massage chair stops operating.	After the automatic timer function is activated, if the set time is up, please press the button again to control it.

If problems persist after applying the suggestions above, turn off power and remove the power plug from the wall outlet. Then contact the manufacturer for maintenance and repair.

#### IMPORTANT

Do not attempt to dismantle or repair the chair by yourself. Doing so will void the warranty and U.S. Jaclean, Inc. will not bear any responsibility for any subsequent consequences.
